

122C (1,2,3,4,6): General Admit Student Cohort

Student Group: General Admit Cohort Students

Background Information: <https://datavista-staging.cccco.edu/background-info/C>

Metric Type/Category: Students

Last Updated Date: 09/12/2025

Description All students who enrolled as first-time in higher education general admit credit students in at least one primary term of the selected year with a minimal credit enrollment at the selected college who are tracked for one, two, three, four and six years from first term of enrollment

Notes

A student could be included as part of the first-time cohort at more than one college if the student's first-time general admit enrollment is in the same term with 0.5 credit units at each college

This definition does NOT include students who may have been enrolled in the selected year or any time prior as a special student as long as the student enrolls as a first-time in higher ed general admit credit student in any term of the year

If a student is a first-time general admit credit student in Spring 2020 (or later) and has "EW" for all credit courses in that term, then the student is included in the All Student Cohort since colleges differed in how they applied EW enrollments in Spring 2020 (or later) due to the pandemic

However, if a student is a first-time general admit credit student in any other term besides Spring 2020 and has "EW" for all credit courses in that term, then the student is not included in the All Student Cohort

Students who receive "MW" in all courses in their first general admit credit term are not included in the Cohort
