

103A (E): Gender

Student Group: CAEP Adult Learners

Background Information: <https://datavista-staging.cccco.edu/background-info/A>

Metric Type/Category: Disaggregations

Last Updated Date: 12/15/2025

Description	Among all Reportable Individuals (200A), the number of learners disaggregated by gender.
Notes	<p>The team recognizes that these demographic groupings represent a very short and limited list of a near infinite combination of identities and experiences. The team also recognizes that the language used may not resonate with all identities of your learners or providers. The demographic groups and language in DataVista for CAEP Adult Learners are the terms used to collect data by WIOA, IPEDS, and / or the Chancellor's Office Management Information System. If your institution has access to data that further disaggregates demographic groups to better align with the identities and language used by your learners, we encourage you to explore your data at that level.</p> <p>This metric is calculated for all Reportable Individuals.</p> <p>Gender calculated based on the category reported in the last (max) term of enrollment within the selected year for each individual college. See "Gender" under the "Deduplication" section for additional detail.</p> <p>Missing and Null values are treated as Unknown Gender.</p> <p>In COMIS, SB04 includes X which corresponds to unknown/non-respondent. This category is different than "multiple values reported" which is where students are placed if there is conflicting information at different colleges in the system</p> <p>B is a new data element in MIS created in Summer 2019 for non-binary students under SB04.</p>
Data Sources	CASAS TOPSpro Enterprise Chancellor's Office Management Information System
TE Data Elements	CurrentAge (Calculated) TotalPYHours (prior to 2020-21) TotalQualifiedHours ProgramYear Sex
TE Calculations	<p>200A students who met the following criteria:</p> <p>Grouped by gender</p> <p>WHERE Sex IN (1, 2, 3) AND</p> <p>In the selected year</p> <p>ProgramYear is within the selected year</p>

COMIS Data Elements GI03 Term-Identifier (<https://webdata.cccco.edu/ded/gi/gi03.pdf>)

SB04 Gender (<https://webdata.cccco.edu/ded/sb/sb04.pdf>)

COMIS Calculations 200A students who met the following criteria:
Grouped by Gender in the last term of enrollment
WHERE SB04 IN (F, M, B, X) AND
In the selected year
GI03 is within the selected year

Denominator 200A Total Reportable Individuals

Value Type Percentage and unduplicated count
