

330S (D,T,U,W,Z): All Students Who Earned Their First Associate Degree

Student Group: Comprehensive Snapshot

Background Information: <https://datavista-staging.cccco.edu/background-info/S>

Metric Type/Category: Denominators or Metrics Needed for Calculations

Last Updated Date: 05/21/2025

Description	Number of students who earned their first associate degree ever in the system at the selected college with no enrollment requirement in the selected year
Notes	<p>Journey Types: Degree/Transfer, Undecided/Other, All General Admit Students (Denominator: 122SW), All Students, K12 Dual Enrollment (Denominator: 122ST)</p> <p>Metric will not be displayed on the dashboard but will be used as a denominator for 613S and 627S Average Number of Semester (Quarter) Units Accumulated by All First-Time Associate Degree Earners</p> <p>Units earned while a student was enrolled as a special admit (dual enrollment) will be included in the sum of units accumulated for this metric</p> <p>Since enrollment is not required in the selected year when a student earns the associate degree, demographic info is used from the most recent term of enrollment at the institution level anywhere in the system regardless of whether or not that is the same college where the student earned the AA/AS. For gender and ethnicity, if most recent enrollment is in the same term at different institutions and there is conflicting information, then assign the student to the "multiple values reported" category. Since students in that subgroup are more likely to have conflicting student records, there is the possibility that results for multiple students are aggregated into one student especially when a regional or statewide selection is made, values are possibly inflated for that subgroup.</p>
