Last Updated Date: 09/22/2025

Description The number of students who earned 12 or more units at any time and at any college up to and including the selected year, who exited the community college system, and enrolled in any four-year in the subsequent year, or dual enrollment students, who are no longer special admit, and enrolled in any two- or four-year

Notes This metric is aligned to the original SCFF definition. However, it will not align to the SCFF definition where the 12 or more units have to be earned in the CC district in the selected year prior to transfer
 Only students with valid social security numbers can be tracked
 Data will not be displayed until two years after a student exits the system.
 A student is included in a transfer count for a college if that student had any enrollment value in the college the selected year before they transferred to a four-year institution
