

## 225D (0,1,2,3,4,6): K12 Special Admit Graduation Cohort

**Student Group:** K12 Special Admit Students

**Background Information:** <https://datavista-staging.cccco.edu/background-info/D>

**Metric Type/Category:** Students

**Last Updated Date:** 07/22/2025

**Description** All students who enrolled as first-time in higher education special admit credit students in at least one primary term of the selected year with a minimal credit enrollment at the selected college who are tracked at presumed graduation and at the end of one, two, three, four and six years from derived year of high school graduation

**Notes** This student group has been added as part of the 2024-25 build of the dashboard  
 A student could be included as part of the first-time cohort at more than one college if the student's first-time special admit enrollment is in the same term with 0.5 credit units at each college  
 The CA Community College system is not able to track college credit units earned by high school students through other higher education systems unless the new SY file ([https://webdata.cccco.edu/ded/sy/sy\\_all.pdf](https://webdata.cccco.edu/ded/sy/sy_all.pdf)) for Credit for Prior Learning Data Elements is updated with those units
