

716S (T): Students Who Transferred to Out of State Four-Year College

Student Group: Comprehensive Snapshot

Background Information: <https://datavista-staging.cccco.edu/background-info/S>

Metric Type/Category: Success

Last Updated Date: 01/07/2026

Description Among students in selected student journey, the number of students who earned 12 or more units at any time and at any college up to and including the selected year, and who enrolled in any out of state four-year institution in the subsequent year

Notes

K12 Dual Enrollment Journey: The denominator for matriculation metrics is not restricted to K12 Dual Enrollment students who are seniors. In a later release, age may be used to estimate students who are 12th graders to display more accurate percentages.

This metric is aligned to the original SCFF definition. However, it will not align to the SCFF definition where the 12 or more units have to be earned in the district in the selected year prior to transfer

Only students with valid social security numbers can be tracked

A student is included in a transfer count for a college if that student had any enrollment value in the college the selected year before they transferred to a four-year institution

If a student shows up as a transfer student in two different transfer categories (i.e. CSU or UC and out of state) then that student is counted in both categories
